What can - should we do to get longer life - better performing asphalt pavements?

What should we measure to know whether we are achieving our goals?

"What gets measured gets done, what gets measured and fed back gets done well, what gets rewarded gets repeated."
- John E. Jones

“If you don't know where you are going, you'll end up someplace else.”

SENATE BILL No. 1089
INTRODUCED BY WOZNIAK,
HUTCHINSON, WHITE,
PILEGGI AND AUMENT
DECEMBER 17, 2015
What is a Strategic Plan and what are its benefits? A strategic plan is a tool for an organization that provides direction in fulfilling its mission with maximum efficiency and impact. For the organization to be effective and useful to its members, the plan should establish and articulate specific prioritized goals and accompanying objectives in consideration of available resources (staffing, funding, technology, etc.). The plan should also establish and measure how successful the plan is in accomplishing the strategic plan goals and objectives. The plan should be reviewed every year and updated every three to five years.

• Last Strategic Plan completed in 2009
• BOD approved getting proposals at 10/15/15 meeting
• Tentative consultant selected
• Long Range Planning Committee
• Will involve the entire membership
• Complete by 07/01/16

“Failing to plan is planning to fail.”
- Alan Lakein
