Cleaning. Flushing. Recharging.

High Quality Heat Transfer Fluid

HEAT TRANSFER FLUIDS
MultiTherm
 YOUR HEAT TRANSFER NEEDS ARE OUR ONLY CONCERN

For badly sludged-up systems or general maintenance, MultiTherm provides you the products and services to clean your system. Restoring it to it's most efficient operating state.

MultiTherm PSC Plus® Process System Cleaner is an economical fluid designed to break down sludge in larger systems and hold it in suspension for removal or filtration up to 600°F/316°C.

- High flash point
- Non-toxic & Non-hazardous
- Non-corrosive
- 5-20% dilution percentage

MultiTherm FF-1® Flushing Fluid for system cleaning before new system start-up or during general maintenance. Removes:

- Weld splatter
- Oil and some preservative coatings
- Sludge
- Loose particulate
- Used heat transfer fluid

Recharge with high quality non-hazardous heat transfer fluids from MultiTherm. We're here to assist you when choosing the right fluid for your application.
