

# MEMO

**DATE:** July 13, 2020

**SUBJECT:** Asphalt Adjustment Multiplier

**TO:** District Executives

**FROM:** Christine Reilly, P.E.  
Acting Chief  
Highway Delivery Division  
Bureau of Project Delivery

As indicated in Publication 242, Section 3.2, this memorandum updates the Asphalt Adjustment Multiplier (AAM) calculated semi-annually.

The AAM value of 1.0076 will be applied to asphalt costs, in all Life-Cycle Cost Analyses (LCCA), performed from July 1, 2020 through December 31, 2020. This AAM value was calculated based on the total payments for asphalt items made from July 1, 2019 through June 30, 2020, and the asphalt price adjustments for those items. This is effective immediately, and applies to all LCCA performed after July 1, 2020.
