

MEMO

DATE: September 17, 2025

SUBJECT: 2026 PennDOT/NECEPT Asphalt Technician Certification Program Course Announcement

TO: District Executives
Attention: Assistant District Executives – Construction

FROM: Jonathan A. Eboli, P.E., Chief Engineer
Highway Administration *Jonathan A. Eboli, P.E.*

I am pleased to announce the 2026 PennDOT/NECEPT Asphalt Technician Certification Program. In response to the FHWA mandate that states establish programs to have qualified concrete, aggregate and asphalt technicians working on federally funded construction projects, PennDOT partnered with the Northeast Center of Excellence for Pavement Technology (NECEPT) at The Thomas D. Larson Pennsylvania Transportation Institute, The Pennsylvania State University to administer and conduct Asphalt Technician Certification courses in a consistent and up-to-date manner on an annual basis.

Following is important information regarding this coming year's program. If there are any questions regarding the program or the courses, please contact either Timothy L. Ramirez, P.E., in the Bureau of Construction and Materials at (717) 783-6602 or by email at tramirez@pa.gov or contact NECEPT at (814) 863-1293 or by email at superpave@psu.edu. If there are any questions related to the PennDOT My Learning – Success Factors enrollment, please contact the Highway Administration Technical Training and Development Section via email at RA-PDHighAdminTrain@pa.gov or your District Training Coordinator.

Schedule: All courses will be held on various dates starting in January 2026 and ending in April 2026. Exam retest dates are scheduled in April and May 2026. Most courses and course lectures will be held virtually, but there is one in-person course scheduled for the Asphalt Field Technician Review and Certification Course and two in-person courses scheduled for the Asphalt Level 1 Plant Technician Review & Certification Course (no virtual/online courses). In addition, all the Superpave Volumetric Mix Design Workshops will be held in person.

Virtual courses will be offered using the Zoom platform. PennDOT employees are to open the Zoom courses by clicking the Join Zoom Meeting link provided by NECEPT and

then clicking the Launch Meeting button and then clicking the Join from Your Browser link. The virtual courses will have online exams. For online exams, a desktop or laptop computer must be used, and applicant’s computer or laptop must be equipped with a working camera/webcam for NECEPT to confirm the identity of the individual taking the online exam. Using an iPad, iPhone, or similar device will cause issues in taking the online exams and they are not permitted. In-person courses will have in-person exams. In-person courses may be changed to virtual (online) courses or canceled due to possible restrictions imposed by future Federal, State, or University safety guidelines regarding pandemics or due to low registration enrollment.

The course schedule, exam retest schedule, NECEPT FAQs, and program highlights are available from NECEPT’s Internet Website at <http://www.superpave.psu.edu/> under the Training menu. PennDOT employees can also access this information as a packet at the hyperlinks on the PennDOT Employee Course and Certification Registration, My Learning – Success Factors, and Payment Process attachment to this memo.

Course Fees: The 2026 course fees have remained the same as last year’s course fees. Below table shows the current course fees.

Asphalt Technician Certification Program Course	2026 Fee
Field Technician Review & Certification Course	\$560
Level 1 Plant Technician Review & Certification Course	\$560
Superpave Volumetric Mix Design Workshop	\$970
Field Technician Annual Update/Refresher Course	\$230
Plant Technician (All Levels) Annual Update/Refresher Course	\$230
Certification Renewal & Plant Level 2 Technician (Cards Only)	\$40
Exam Retest	\$60

Attendance: Each District/Bureau should assess their needs for certified asphalt technicians and schedule attendees accordingly as permitted in the table below. Each employee or individual must meet the minimum requirements outlined in Pub. 351 and in the 2026 course information included online or in the hyperlinked course packets.

Asphalt Technician Certification Program Course	Total Allotted Attendees
Field Technician Review & Certification Course	As needed
Level 1 Plant Technician Review & Certification Course	As needed
Superpave Volumetric Mix Design Workshop	Each District / Bureau = 2*
Field Technician Annual Update/Refresher Course	As needed
Plant Technician (All Levels) Annual Update/Refresher Course	As needed

* If more attendees are needed, contact NECEPT at (814) 863-1293 to check availability.

2026 PennDOT/NECEPT Asphalt Technician Certification Program PennDOT Employee Certification Course and Certification Registration, My Learning – Success Factors, & Payment Process

Course & Certification Information Packets:

[2026 Asphalt Field Technician Certification Packet](#)

[2026 Asphalt Level 1 Plant Technician Certification Packet](#)

[2026 Asphalt Level 2 Plant Technician Certification Packet](#)

PennDOT Employee Course and Certification Registration Process:

The following process is to be followed for each proposed attendee:

1. An Out Service Training (OST) Request is ***not*** required for the 2026 Asphalt Technician Certification Courses, Card Only Registrations (Level 2 Plant Technician Initial Certifications and Certification Renewals Using Option A – Learning Activities), or Exam Retests.
2. To be officially registered for a course, card only registration, or exam retest, a participant must:
 - a. Complete the online registration at <http://www.superpave.psu.edu/> (under the menu item for “Training”) as instructed in the above hyperlinked 2026 Asphalt Technician Certification Packets. Hardcopy course application forms will not be accepted by NECEPT.
 - b. All PennDOT employee course registrations (online registrations) are strongly encouraged to be submitted to NECEPT by November 26, 2025 (day before the Thanksgiving Day Holiday), but ultimately, all course registrations ***must*** be submitted to NECEPT **no later than 15 business days before the course start date.**
3. Upon receiving the course registration confirmation email from NECEPT that the individual is officially registered for a specific course and course date, certification card only registration, or exam retest, the confirmation email ***must*** be forwarded to the Bureau/District Training Coordinator along with a request for enrollment in My Learning – Success Factors for the specific course and course date. Enrollment in My Learning – Success Factors is ***not*** required for certification card only registrations or exam retest registrations. The enrollment request may require completion of the *Highway Admin Training Enrollment Form* (Central Office employees). Registration confirmation emails are sent immediately upon the registration being successfully completed and submitted in NECEPT’s online registration system.
4. After receiving a PennDOT employee’s course registration confirmation email and a My Learning – Success Factors enrollment request, the Bureau/District Training

Coordinator will enroll each PennDOT employee in My Learning – Success Factors for the appropriate course and course date. Enrollment in My Learning – Success Factors must occur before the course start date. My Learning – Success Factors enrollment is ***not*** required for certification card only type registrations (Level 2 Plant Technician Initial Certifications and Certification Renewals Using Option A – Learning Activities), or for Exam Retests. The My Learning – Success Factors Course Codes are as shown in the table below.

NECEPT Course Name	My Learning – Success Factors Course Code
Asphalt Field Technician Review & Certification Course	78TECH400291
Asphalt Field Technician Update/Refresher Course	78TECH400292
Asphalt Level 1 Plant Technician Review & Certification Course	78TECH400293
Asphalt Plant Technician Annual Update/Refresher Course	78TECH400294
Superpave Volumetric Mix Design Workshop	78TECH400296

5. The roster in My Learning – Success Factors will be used to verify and approve payment of invoices received from NECEPT for each course, course date, and course attendee.
6. Travel arrangements, including lodging (if necessary), will also be coordinated at the Bureau/District level. The travel policy, as it relates to group bookings, does not apply to these NECEPT asphalt technician certification courses.

Please note, PennDOT applicants have the option to not submit payment at the time of online registration. NECEPT will direct bill each District/Bureau for the PennDOT attendees that completed the certification courses and certifications (card only) at the end of the certification season. NECEPT invoices are to be promptly paid at the District/Bureau level. Districts/Bureaus also have the option to submit credit card payment at the time of online registration by working with their District/Bureau Fiscal Officers and Training Coordinators to register online and submit credit card payment at the same time.
